Dear Resident

**Roadworks - Broomfleet to Ellerker  
Main Street - Broomfleet / Ellerker Road/Ings Lane/Norfolk Bank Lane**

Work to resurface the road between Broomfleet to Ellerker is due to commence on Monday 21<sup>st</sup> September 2015 and is expected to take 25 working days to complete (weather permitting). Working hours will be 8am to 5pm. The work will consist of overlaying the existing carriageway with a new 80mm thick tarmacadam layer along with areas of patch repairs.

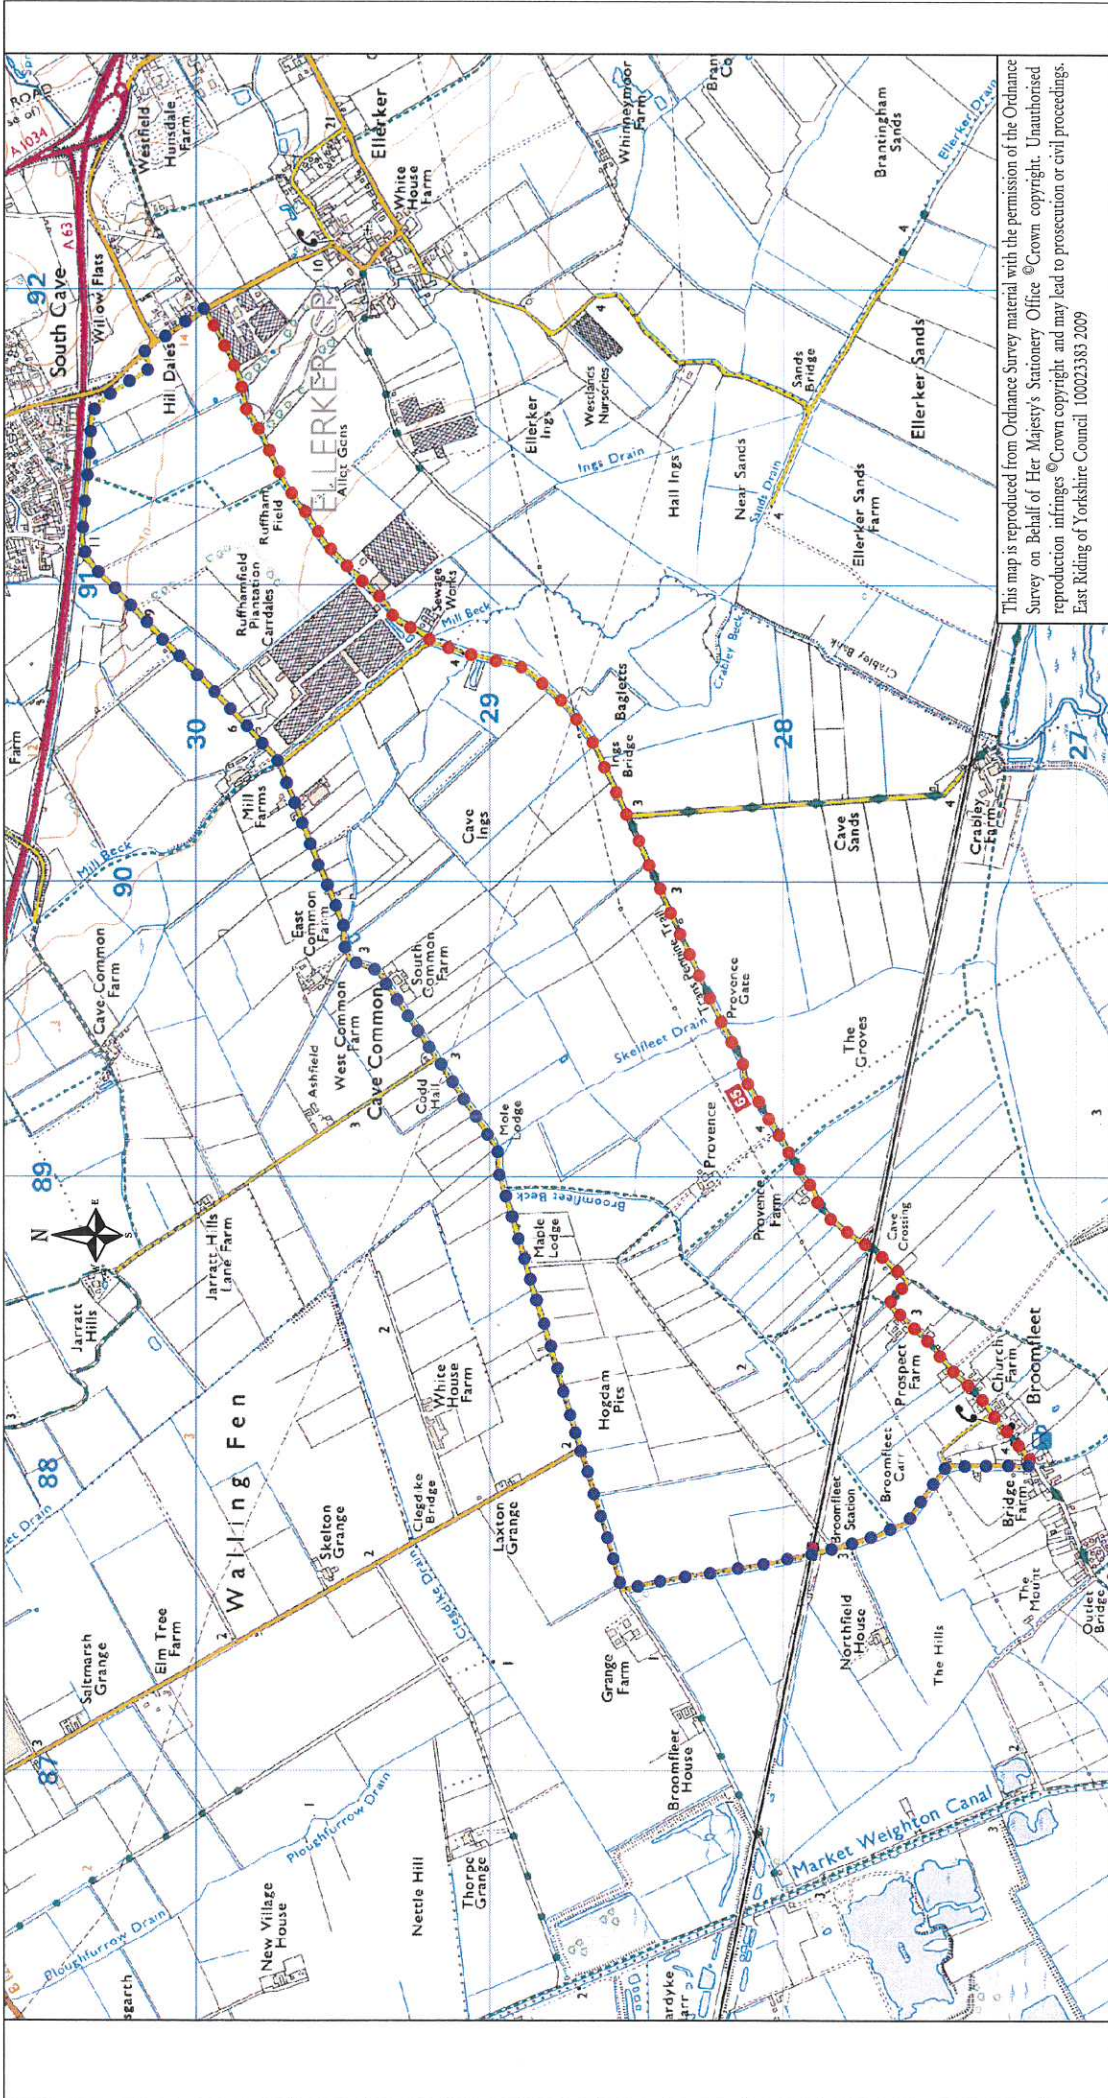

Unfortunately due to the narrow width of the road and the nature of the work it will be necessary to close the road to through traffic until the works are complete. A signed traffic diversion route will be via Carr Lane, Common Lane, Ellerker Lane and vice versa. Access will be maintained to properties within the site, however access may be unavailable during road resurfacing operations due to the nature of the work. Residents will be informed in advance of this operation.

East Riding of Yorkshire Council Streetscene Services have been appointed to undertake the work. Should you require any further information, have any special requirements for access or wish to make any comments (either before, during or after the work has taken place) please contact me on the above telephone number or via the email address. In my absence, you may wish to contact Engineer Mr Mark Ashton on telephone number (01482 395690). During the construction phase of the works you can also contact the contractors site representative Mr Chris Young on 0845 600 1666 should you wish to discuss any site related matters.

Yours Sincerely

David Berry  
Senior Engineer  
Civil Engineering Services
